II. ADMISSION FOR FULL-TIME UNDERGRADUATE PROGRAMS

1. **Admission Candidates:** Candidates who meet the eligibility requirements for undergraduate admission in accordance with the current Admission Regulations.

NOTES: Candidates who are foreign nationals and candidates who are Vietnamese citizens who have completed a high school program abroad or an international high school program in Viet Nam, and hold a High School Graduation Diploma or an equivalent qualification, are required to complete the procedure for recognition of equivalent high school level in Viet Nam. This must be done in accordance with Circular No. 13/2021/TT-BGDĐT dated April 15, 2021, of the Ministry of Education and Training on the recognition of degrees granted by foreign educational institutions.

2. Admission Methods

- Admission Method: Code 500 (Other methods).
- The VinUniversity admissions process is designed to select talented students using the **A.A.C.C¹ Model** with (1) Outstanding Abilities, (2) Strong Aspirations, (3) Creativity, and (4) Commitment and develop them to become talents for the future.
 - a) **Outstanding Ability:** Outstanding non-academic skills: strong analytical and problem-solving skills, quick learning capability, imagination skills or excellence in language, sports, arts, and other skills and competencies that are proven determinants of success;
 - b) **Aspirations:** An understanding of major issues in the local community, society, Vietnam, and the world, and a strong aspiration to find ways to solve them.
 - c) **Creativity:** The ability to have a different mindset, high curiosity to discover the root cause of issues, manage and adapt to change, and be open-minded with ideas or solutions that do not yet exist.
 - d) **Commitment:** A strong belief in what one can do and the ability, determination, and strong mental and physical concentration to pursue one's goals.

3. Rules on Converting Equivalent Admission Thresholds and Admission Scores Across Different Subject Combinations and Admission Methods

- **Admission Thresholds:** The conversion is based on the following factors: Academic Quality Index (academic achievements, high school academic records, results from international certificate examinations such as SAT, ACT, A-Level, AP, and IB...); Non Academic Quality Index (demonstrating the A.A.C.C attributes); and Interview Results. The table for converting equivalent admission scores will be updated after the results of the National High School Graduation Examination are released, in accordance with the general regulations and guidelines of the Ministry of Education and Training (MOET).

- For Health Science Programs (Medical Doctor and Bachelor of Nursing): The minimum entry quality assurance threshold shall be applied in accordance with the regulations of the Ministry of Education and Training.
- Candidates admitted to the Medical Doctor program who do not yet meet the requirements for foundational knowledge in Biology and/or Chemistry at the High School level are required to participate in the corresponding supplementary modules before commencing the main curriculum. The objective of these supplementary modules is to help candidates consolidate the necessary foundational knowledge, ensuring a favorable start and reducing academic pressure during the specialized training process in Medical Doctor Program.
